

PLEASE READ THIS DOCUMENT CAREFULLY BEFORE USING DXF
(ELECTRONIC CUTOUT FILES)

Included in this Specification CD folder you will find Electronic Sink Cutout files (DXF files) for the Blanco America Stainless Steel and Silgranit product lines. These DXF files can only be opened and processed with a C.A.D. based software program, ultimately utilized with CNC routing machinery.

Please note that Blanco recommends that only a professional sink installer/fabricator process these DXF files for sink cutouts.

Please read the following Blanco Legal Disclaimer carefully before utilizing the DXF Cutout Files:
