

16 Gauge IMPERIAL LINE

C-Tech-I, for many years, has been recognized as one of the highest quality stainless steel brands made in the world. Many unique and "One of a kind" features have helped C-Tech-I justifiably earn its reputation as likely **"THE BEST SINK MADE"**. Some of these features include:

- Ageless, yet contemporary, Italian design
- Highest quality stainless steel, featuring thick 16 gauge bowls, and 15 gauge mounting rims (on double and triple bowl styles).
- Euro 3-piece design and construction on double and triple bowl styles. This is usually found only on the most expensive European made sinks that sell for double or triple C-Tech-I prices.
- Extra deep sink bowls (most 10" to 12" depth) and a unique finish that resists scratching.
- Uncomparable sound deadening features such as double-thick sound deadening coating and extra thick sound deadening pads on all flat surfaces.
- A complete kitchen package that includes: Special basket drain/strainer; grids / grates; mounting hardware; mounting template; and (on most models) a stainless steel colander.

Farmhouse Models

Many Farmhouse models are available in TWO styles:

- Traditional "Zero-Edge" square inside corners.
- Inside Rounded "Radial" Corners, a stylish look which also makes for easier cleaning.

"Zero Radius" "Rounded Corner"
Most Farmhouse models include a Colander, Drain and Grid (two grids for double-bowl models).
