"Due to the kitchen sinks long straight sides and front, it is very difficult to guarantee perfectly straight lines during the curing process. The manufacturers warranty policy allows up to 6mm (approximately 1/4") of curve or unstraightness. Since this sink is usually mounted with an overhang, the back and sides should not be an issue and the front is acceptable to most customers if within this tolerance.

*Please take this potential small variation into account before ordering."*

**Bath Vanity Models:** An unusual line of Farmhouse-inspired vanity sinks with straight walls and tight 90° corners. Something different!
